Independent Auditor's Report

To the Members of Temagami First Nation

We have audited the accompanying consolidated financial statements of Temagami First Nation, which comprise the consolidated statement of financial position as at March 31, 2016, and the consolidated statement of operations, consolidated statement of changes in net financial assets and consolidated statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements present fairly, in all material respects, the financial position of Temagami First Nation as at March 31, 2016 and the results of its operations, changes in net financial assets and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Other Matters

Temagami First Nation has also prepared another set of financial statements for the year ended March 31, 2016 in accordance with Canadian public sector accounting standards. However, these financial statements include unaudited supplementary schedules which present detailed program revenues and expenditures prepared to assist management of Temagami First Nation to meet reporting requirements of various funding agencies. Our audit report on the other set of financial statements was issued to Chief and Council of Temagami First Nation and was dated July 20, 2016.

Notes to Consolidated Financial Statements

March 31, 2016

1. Significant Accounting Policies

Accounting Principles The consolidated financial statements of the Temagami First Nation ("TFN") are the representation of management prepared in accordance with Canadian public sector accounting principles as prescribed by the Canadian Public Sector Accounting Board.

Method of Accounting Sources of financing and expenses are reported on the accrual basis of accounting. The accrual basis of accounting recognizes revenues as they become available and measurable; expenditures are recognized as they are incurred and measurable as a result of receipt of goods or services and the creation of a legal obligation to pay.

Basis of Consolidation TFN reporting entity consolidates the assets, liabilities and results of operations for TFN government and all related entities which are accountable to TFN and are either owned or controlled by TFN, including the OFNLP, which is administered by TFN.

Cash and Cash Equivalents Cash and cash equivalents includes cash on hand, current bank accounts and short-term deposits, if any, with terms to maturity of less than 90 days.

Investments Investments are recorded at market value.

Funds Held in Trust by INAC Band funds held in trust by Indigenous and Northern Affairs Canada ("INAC") arise from monies derived from capital or revenue sources as outlined in Section 62 of the Indian Act. These funds are held in trust in the Consolidated Revenue Fund of the Government of Canada and are subject to audit by the Office of the Auditor General of Canada. The management of these funds is primarily governed by Sections 63 to 69 of the Indian Act.

1. Significant Accounting Policies (continued)

Tangible

Capital Assets

Tangible capital assets are recorded at cost less accumulated amortization. Cost includes all costs attributable to acquisition or construction of the tangible capital asset including but not limited to transportation costs, installation costs, design and engineering fees, legal fees and site preparation costs. Contributed capital assets are recorded at fair value at the time of the donation, with a corresponding amount recorded as revenue, when fair value can be reasonably estimated. Amortization is recorded on a straight-line basis over the estimated life of the tangible capital asset commencing in the year the asset is available for productive use as follows:

Buildings	25 to 50 years
Vehicles	3 to 20 years
Machinery and equipment	3 to 10 years
Land improvements	7 to 40 years
Infrastructure	15 to 75 years
IT equipment	2 to 4 years

Construction in progress is not amortized until construction is substantially complete and the assets are ready for use.

Reserves and Reserve

Funds

Certain amounts as approved by TFN's Chief and Council, are set aside for future purposes. Transfers to and from reserves and reserve funds are an adjustment to the respective reserve when approved.

Revenue Recognition

Revenue is recognized as it is received or becomes receivable under the terms of applicable contribution agreements. Certain government funding received but not expended is reported as deferred revenue on the Consolidated Statement of Financial Position, depending on the nature of the funding agreements.

All other revenue is recorded as the applicable service is provided and collection is reasonably assured.

**Management
Estimates**

The preparation of consolidated financial statements in conformity with Canadian public sector accounting standards requires that management make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the consolidated financial statements, and the reported amounts of revenues and expenses during the period. Actual results could differ from these estimates.

Accounts receivable and accounts payable are reported based on amounts expected to be recovered or incurred and reflect an appropriate allowance for unrecoverable amounts based on management's estimates. Amounts recorded for amortization of tangible capital assets are based on estimates of useful service life.
